

# GREATER ANN ARBOR AREA

Jackson County Case Study

## A RECENT SUCCESS

In 2012, Technique, Inc. announced their new \$12 Million facility to be built on a 14.3 acre site in the Jackson Technology Park SmartZone<sup>SM</sup>.

## COMPANY PROFILE

Technique, Inc.

Jackson Technology Park SmartZone<sup>SM</sup> on Technology Drive, Blackman Charter Township, Jackson, Michigan

## FINANCIAL AND EMPLOYMENT IMPACT

Technique, Inc. has broken ground for their new \$12 Million facility to be built on a 14.3 acre site in the Jackson Technology Park SmartZone<sup>SM</sup>. The project is expected to consolidate approximately 50 jobs from all three of the Technique facilities and create an additional 25 new jobs within the next five years.

## INDUSTRY IMPACT

Technique, Inc. is a global leader in prototype manufacturing of metal stampings, industrial tube bending, laser cutting services, and is the largest supplier of chassis components to the teams of NASCAR.

---

*"We have looked at many sites between Jackson and Northern Indiana and the Jackson Technology Park SmartZone<sup>SM</sup> is our first choice for consolidated relocation. Our plan is to build a modern 110,000 square foot facility that will position us well for continued growth," stated Ronnie Johncox, President of Technique, Inc.*

---

## **IMAGINE - ENGINEER**

Technique, Inc. began with just one machine in 1991 and a commitment to be the leader in prototyping technology and techniques. Technique, Inc. works with hundreds of companies around the U.S. and the world in a wide range of industries, including: Automotive, Heavy truck, Agriculture, Off-highway vehicles, Recreational vehicles, Household appliances, Military, Aerospace and Rail cars.

## **BUILD - DELIVER**

Technique, Inc. produces parts the way their customers need them: rapidly and with absolute precision and repeatability. At Technique, teamwork is of the utmost concern. They keep in constant communication to get each job done right, leaving no detail overlooked. From initial quote to product delivery, the entire process moves smoothly, all within their facility. Whether it is one piece or ten thousand, Technique's industry leading metal stampings, tube bending and laser cutting services will deliver every time.
